REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Korodi and Yueh disclose cables with illumination means in the cable extents between connectors, however these cables are not for use with a "computer and a peripheral", nor do they disclose use of a "detecting and starting circuit", among other features required by claim 1. Nor do other cited references provide suggestion to modify these cables for such computer use or to include such a circuit. The prior art FIG 1 cable includes lights at 11,11' however it would not have been obvious to modify that cable to include a cord-like lamp or a "detecting and starting circuit" as required by Claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Neil Abrams at telephone number 571-272-2089.
